### Family Beach House

This house has been lovingly built and furnished as a Contemporary Beach House with Extended Family Get-Togethers in mind.

With the two-story design, and living areas on both levels, the house offers ample breathing space for family members, as well as generous gathering spaces. The semi-open plan flow through all the upstairs living rooms gives a wonderful feel of room -to-move. The master bedroom suite is situated upstairs while the other 3 bedrooms suites are on the lower level.

The house has a fresh clean feel while the decor gives off the perfect balance between naturals and muted tones for restfulness, and fashionable accented yellow for pop. Yellow captures the joy of sunshine and communicates happiness. It is energizing, uplifting and welcomingly warm, and brings the perfect balance to the senses in this contemporary...
